QUALITY POLICY

FRAZIMEX ENGINEERING LTD is committed to providing Quality services to our valued clients in the fields of Engineering Design Services, Technical Consultancy, and Project Management in the Energy Sector as well as meeting relevant statutory and regulatory requirements. In doing so we are committed to advancing in business and to ensure return on investments to all stake holders and to achieve sustainable growth by rendering our services in such a way to improve customer satisfaction and ensure repeat business

We are also committed to adhering to the tenets of the ISO 9001 Quality Management System Standard where each individual has a responsibility to ensure continual improvement of the effectiveness of the Quality Management System.

Our Quality Objective set at the corporate level as well as departmental levels are compatible with the quality policy and are reviewed as at and when necessary, especially when our core processes change.

Our Quality Policy is also communicated, understood and applied within the organisation.

Managing Director
